

You...
couldn't
get your
sword
back?

...EHM?

Even
though I
came out
all this
way...

Yeah... Sigh

She said that
unless I return
the uniform and
helmet, she won't
give me the sword.
She's way too
serious and
stubborn.

Why weren't
you able to
get it back?

What a waste
of effort. And
the Hippogrifo
rental wasn't
cheap, either...

It's that
damn
Rose...

I
refuse
!!

If it's just
clothing,
can't you
just return
them! !?

Why are
you being
obstinate
!!?

DAY 11 Here Comes The Sun

*Please
don't stress
such a
depressing
thing!!*

*It ain't
happening!!*

*And
you're
telling me
to take
them off,
now!?*

*Can't you
see! I've grown
up with this
uniform and
helmet for ten
years now!*

*People age!
They become
unable to adapt
to sudden
changes in their
environment!!*

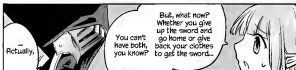

*..Also, by
hiding my
face, I don't
have to
worry about
my facial
hair or dry
skin, so
it's quite
relaxing!*

*So it
really is
silly, isn't
it!?*

*Silly or not,
it's something
I've decided of
my own will,
so at the very
least, it's not
silly to me.*

*Ah... I'm
saying
something
so
dignified.*

*It's surprising
to think that
you've been
using such a
silly excuse to
stay like that
forever!*

Actually,

*But, what now?
Whether you give
up the sword and
go home or give
back your clothes
to get the sword...*

*You can't
have both,
you know?*

*Butter up
Rose!!*

*I'm
going
with
Plan
C...*

IT'S MY LIFE

DAY14

Here Comes The Sun

Ye-yeah,
that's
right.

It's been a long
while since I came
to town, so since
I don't get many
chances, I was
wondering whether
we could take a
walk together...

You
want...
to go out
to town
with me?

Well it's
not that
I can't,
but...

Can't you
make time
during
afternoon
break or
something?
I'll treat you
to a meal.

L.. I'm
on duty
today...

I see! Great!
Well then,
I'll be waiting
at the gate.

...Well, if
you put it
that way...

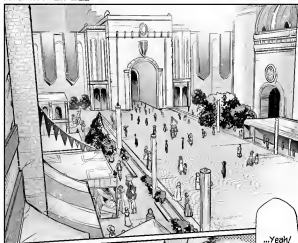

Huh...

We-well...
you diligently
overwork
yourself, so I
thought taking
some time to
relax could be a
good thing!

Why...
me?

...Okay.

...Yeah!

Justitia's
main street
is as lively
as always.
Magnificent.

Wahhh...!
Amazing!!

Indeed.
Lately,
we've
gotten
some new
stores
as well.

The Continent is amazing! And a town as big as this one is just a small part of the Continent, huh!

It's so big!
So vast!
There's so many people!!

Some-where I want to go in particular... I'll leave it for you to decide.

Hm...

Well then, where to, Rose? I'll treat you to anything, whether it be clothing or food or whatever!

Sighs as it's not quite Lord Galt.

Oh-oh no, don't worry about it.

Sorry for the medals, but since this isn't something that happens every day, she wanted to come along too.

You're lit really high spirits, aren't you?

Don't tell your mom.

Wow!!
Wow!!

はははは

Premade clothes don't fit me, and tailor-made ones cost a lot.

It's a problem since my body is gigantic too.

To begin with, why is Astra-sama consistently wearing that uniform anyway?

Ohh! Now that's a sick sense of humor!!

Right... Well then, how about we head to where the tailors are? After Astra-sama returns his clothes, he has to look for a new set to wear.

That worries me! I got you to come here with me today to butter- or, reward you.

I'm a little... nervous.

Hm? Is it?
...Perhaps it is.

...Going out with
Astra-sama like
this outside of
work is... a first
for me, isn't it?

...

Oh... Is
that so?
That's
great.

Astra-
sama...! A
balloon! I got
a balloon!!

*Bu-but...
well...
Astra-
sama is,
to me-*

Hahahaha,
what's there
for you to
have to be
nervous
about with a
guy like me
as your
partner?

Ah... Err...
Since it's my
first time
going out
with you, I'm
nervous...

Sorry, sorry,
so, what
were you
saying?

.....

Uh huh, I see.
Looking is
perfectly fine,
so feel free to
look as much
as you want.

huh
huh

Astra-
sama...! The
plushies
decorating
that store
are cute!!

Ah!!

...Um... Er-err...
I... Me being able
to... be together
with Astra-sama
is an honour...

Sorry, sorry,
so, what was it
you said?

Ah, you're
right! What a
pretty green
it has!!

*A beautiful
decorative
plant! I definitely
want to set it
by my entrance
to make it look
like my house
is brimming
with light!*

**Noah!
Rose!
Look!**

Astra-sama,
I want this!

A wooden
dragon?
We don't
really have
a place for
that, you
know. Just
stick with
Gor Gor
for now.

Ohh~ I
think this
could make a
chic, modern,
stylish room
with good
indirect
lighting.

Ohh... So this
place is an
interior shop,
huh? It's got
some good
stuff here.

Eh...

Rose, which piece of furniture do you think looks nice?

Ah... Now, I wanted a chair for the terrace as well, if I recall correctly.

That's not it!

I must've been interrupting you so we couldn't really get a look at the interior design, huh? We should come here more often.

Hm?
Ye-yeah... Sorry!

Astra-sama...!! Could you spare a moment please! / P

Well that's not happening for me so I haven't been listening to a word you're been saying!!

Anyone who catches their eye on such magnificent interior design would want to start decorating their home like that to live up a evening drink...

Sh-shit... It's not a matter of this or that-

Just what's going on with you, suddenly going this and that about your house!/?

How should I say it... I was a fool, you know!

I think this manner of speaking is disrespectful, but...

Astra-sama.

Hm?

During live monster extermination training, when I made a mistake and strayed beyond the designated area, putting myself into the Basilisk Territory in the Continent.

It was five years ago... when I was still an apprentice knight...

Do you remember?

Astra-sama...

Don't look at its eyes!

...Great work.

U-um...
Aren't
you...
angry...?

Something like
this happened
because I got
careless...

Ye-
yes...

Remember
this

...When it comes
to Basilisks, as
long as you finish
off their Medusan
eyes and extremely
poisonous tail
first, their
movements
become sluggish
and they won't be
so frightening.

Plus...

Isn't it better
for you to
experience how
to deal with
unexpected
problems now,
rather than
later?

There are
many stories
where things
don't go as
planned on the
battlefield.

For some reason,
this painting makes
me think of the
house-protecting
Astro-sama... so I
got distracted
looking at it...

Rose-san!
...I'm
sorry...

Ek...P is
Astro-sama
not gentle to
you, Rose-
san?

So Astro-san
had such a
gentle image
towards you,
huh?

...Noah-
san.

...Painting of
the Great Tree
which Protects
Little Lives...

...Now that I
think about it,
a few years
ago... when I
incidentally
overheard him
and his
subordinates
chatting...

Well... That's
what I thought.
The entire time,
until today...
...But...

...To me,
Astro-sama
was...

a man who
was silent,
cool-headed, and
metaphorically
speaking, a
wolf with sharp
fangs.

Well~ We were
just talking
about the
types of girls
we like! Does
Captain have a
type he likes?/

the rocky
here.
What're
you guys
talking
about?

Go-Captain!
We're so
sorry!

For me, I'd
prefer one
with a big
chest.

For me, in
the end, I'd
prefer a
cute girl
with big
eyes.

...The
type of
girl I like,
huh~

So you
guys only
care for
appearances
!/?

I'd say it's someone who could illuminate my life brightly... like the sun... I suppose.

To put it simply...

...Well let's see...

Fool, how could you see such a thing of the Captain?

We-well, I just went with the flow-

He was concealing his true self, and was answering us in the form of the Knight Captain

that we desired.

But now, I figured it out.

This whole time, he wasn't a cool-headed wolf at all.

...At the time... without really thinking about his response to such a worldly subject, I was astonished.

I'm a little... anxious to think that he's shown you expressions he never did in the Chivalric Order.

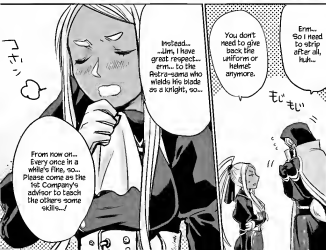

...Noah-san.

Okay!

...Please... illuminate Astra-sama.

Then, see
you in the
dawn later!

Thank
you!

Rose!

Well, I'll
leave it at
that then.

Is... is that all
I have to do?
Sure, of course!
I'll promise you
that then!

...I'm glad
he found his
sun, then.

Astra-sama
laughing is
such a relief...

.....

Torch-
bearer
...!!!

Mmm...!
Torch-
bearer...!!

Astra
illumination
stage

I'm brightly
illuminating
Astra-sama! It's
my promise to
Rose-sand!

Huh???
The sun's
still up
though...

Noah...
What have
you been
doing for
the last
little while?

Oh...
you're not
supposed
to make
anything
out of it.
